27 August 2019

MEMORANDUM FOR: Twin Pine Squadron Cadet's Family/Guardian.

FROM: 1st Lt Robert McClellan and Lt Col Stanley Troyano

Twin Pine is planning to conduct a model rocketry program for cadets next month. We urge all cadets who have not participated in the model rocketry program to sign up; sign up will be on-line via our squadron website: twinpine.cap.gov

This memorandum is being sent to all parents/guardian of cadets to ensure that all are aware of the program. Cadets will need to commit to the Activity Day and the Launch Date.

28 September Model Rocket Construction

06 October Model Rocket Launch

Model Rocketry teaches math, science, physics, English, and history and is fun!

There is a cost to conduct this program of $27.00 per cadet. Before the program is started, the fee must be paid to purchase the supplies and the model rocketry badge and patch. (the breakdown is $20.00 for supplies and $7.00 for the badge and patch.) Please contact Major Williams for payment, and please return this memorandum with a parent/guardian's signature.

At the completion of the model rocketry program, an awards ceremony will be held honoring all of the cadets who have completed the program; at that time, each participating cadet will receive a model rocketry badge and pin.

All family members are encouraged to attend the model rocketry launch (which will take place at the Hope Fire Company in nearby Allentown, NJ) and the awards ceremony.

Parent/Guardian Signature_____

Fee Paid:

CC Major Marybeth Williams
Captain Craig Yanta
SM E Troyano
